4. Dr Debopriyo Samaddar, Assistant Professor, Dept. of Microbiology, IDBG, detailed at Swasthya Bhawan – **Member**
5. Dr Prabir Kumar Ghosh Assistant Professor, Microbiology, NBMCH, now detailed at Swasthya Bhawan, -**Member**

It has been observed that maintenance and continuous supply of oxygen is extremely important for management of Covid patients, and for this a steady supply chain of oxygen needs to be ensured and wastage of oxygen in Covid hospitals needs to be minimised.

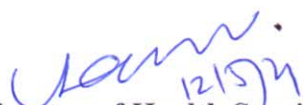

After careful consideration of the above matter, it has been decided that a **State Monitoring Committee on Supply, Delivery and Use of Medical Oxygen at Patient Level**, will be formed comprising of the marginally noted officers of this Directorate. The team will make necessary visits of Covid Hospitals and will assess the

issues related with availability of oxygen cylinders; MGPS supply chain issues, availability of accessories for supply of oxygen to patients like flow meters, cannula, masks etc. The team members will also review at State level; monitor issues related with supply chain if any and ensure availability of oxygen at all points and will take remedial measures so as to see that there is no short supply of oxygen or its necessary accessories at any Covid Hospital at any point of time.

This order will take place with immediate effect.
