

GOVERNMENT OF WEST BENGAL
OFFICE OF THE DIRECTOR OF MEDICAL EDUCATION,
GN-29, SWASTHYA BHAWAN, SECTOR - 5,
SALLAKE, KOLKATA-700091.

Notification

No. - DME/Special/Correspondence/2020/154

DATED - 20/06/2020

Advisory for all Medical Colleges / All Medical teaching Institutes

All the Medical Colleges and MTIs whether designated as Tertiary COVID Care Centers or running Isolation wards for COVID-19 or suspect cases will utilize their existing strength of Faculties and Post Graduate Trainees (PGT) for management of such patients judiciously.

For proper functioning and continuous patient care services, all the departments (clinical, pre & para clinical) of all the Medical Colleges and MTIs should function normally and the service of the faculties and PGTs of all the disciplines should be rationalized so that their expertise can be utilized in management of COVID-19 cases and suspects in effective manner as per requirement.

Effective planning will be done by the College authority considering the interest of public services and academic requirements.
