Date : 29.10.2021

Notification

The undersigned is directed to state that the construction, repair, renovation and maintenance related works at Bijoygarh State General Hospital are taken care of by the PHE Department till date. However, it is reported that the progress of the maintenance works is getting hampered as the said Department do not have that technical expertise to undertake specific works in some cases.

After careful consideration of the matter, it has been decided that the charge of all the construction, repair, renovation and maintenance related works is henceforth, handed over to the Public Works Department for smooth running of the said health facility.
