Memo No.: A-33

Dated: 20.05.2021

ORDER

It has been observed that maintenance and continues supply of Oxygen is extremely important for management of Covid patients, and for this steady supply chain of Oxygen needs to be ensured and wastage of Oxygen in Covid Hospital needs to be minimized. Keeping this in view, an assessment of availability of B and D type Oxygen cylinders, Oxygen flow meter, Oxygen cannula, simple musk, Bi-pap musk etc need to be ensured. Therefore, all concerned are hereby requested to give data of aforesaid materials and logistics through logistics portal under daily census portal.

This order will take place with immediate effect.
