Subject : Status on CRS online Portal.

With a view to achieving universal birth and death registration, Office of the Registrar General, India (ORGI) has time and again undertaken several measures. A few of such recent measures include development of an uniform Civil Registration System (CRS) Online software for Births & Deaths registration, Generation of registration certificates and statistical tables based on events registered' and a module for 'Monitoring registration of vital events'.

In this connection, initially at State level detail training was imparted at Swasthya Bhawan and subsequently 2nd level CRS training was imparted at Districts along with hands on training on CRS Portal where Master trainers for Sub district level were trained. The date and district wise detail list showing the number of Master Trainers is enclosed (Table-1).

Subsequently, districts under the supervision of the Deputy CMOH II took up 3rd level training for Registrar and Sub-Registrars of Births & Deaths for which fund was released from the State level. **But even though the 2nd level training started in early 2015, till date some districts have not yet started online registration or started partially.** The provisional status of online registration by district as available at State level portal is enclosed (Table -2).Uploaded status may be communicated to SBHI.

Now, the ORGI introduced "Monthly Monitoring Report Format" from January 2018 to get the detail of monthly registration of Births & Deaths. But State Bureau of Health Intelligence is not in a position to present the report due to under reporting. The sound estimates for monthly monitoring indicators will be possible only after achieving 100 percent online registration process using CRS online portal.

In this connection, a Format (Format :1) is enclosed to report to this office positively by 03.05.18 regarding detail of the registration units which are yet to start the online process. The matter of starting online registration may be taken up with "Top Priority" and if necessary, meeting at district level may be arranged with defaulting registration units.

Director of Health Services &
Chief Registrar of Births & Deaths, West Bengal.
