Sir,

The State Government has decided to undertake Health Professional Registry (HPR) under National digital Health mission. Adequate trainings and hand holdings have already been imparted from the Information Technology cell of this department.

Now it is advised that hospital authority shall take immediate initiative to complete the health professional registry for all health care service providers attached with the health facilities under their control **within 30th November, 2022.**

It is also suggested that a counter, equipped with IT personnel, may be made operational for the purpose of Healthcare Professional Registry and other citizen centric initiatives under National Digital Health Mission. Assistant Superintendent/ Deputy Superintendent (non medical) should maintain a list of Healthcare Professionals to be registered and coordinate daily.

MSVP/ Superintendent of the Hospital shall overall supervise the process.

Yours faithfully,

Secretary 4/11/2022
