No. 4595 -HFW-17017/14/2018-IT SEC-Dept. of H&FW

Date: 13.03.2023

M E M O R A N D U M

In order of setting up efficient communication network, this Department has already taken initiative to establish MPLS-VPN (Multiprotocol Label Switching- Virtual Private Network) across its health facilities throughout the State of West Bengal. MPLS-VPN backbone has already been created in 84 Hospitals and Administrative offices. This MPLS-VPN backbone will be used for HMIS related data transfer, IP telephony, internet, Telemedicine and Video Conferencing.

Now, **M/s Jio Technologies Ltd.** has been selected through open tender for the job of establishment of MPLS-VPN at the additional 62 hospitals. List of the institutions selected for the first phase is placed at Annexure-"A".

Representative of the agency will visit the hospital authorities in connection to the delivery and installation of different communication equipment. The Head of the offices are requested to extend necessary co operation towards receipt of the materials, providing stock entry certificates and providing requisite civil and electrical arrangement towards installation of such equipments.

Hospital authority should identify one location for Server Room where the communication link will terminate. Preferably one room having measurement of at least 100 sq ft. will serve the purpose else the existing server room may be modified suitably with Civil and Electrical augmentation. This job includes installation of towers at the Hospital premises. Hospital authorities are requested to identify suitable building for installation of such towers at the roof top. In order to avoid delay in communication network, the building should be preferably the same building where the server room is located. The representative of the vendor may be allowed to access to the rooftop under proper identification and authorization from the agency.

The Head of the offices are advised to designate suitable Nodal officer for smooth implementation of the project who may; on behalf of the Head of the office, issue the "Sign Off" or "Site Not Ready" Certificate to the vendor. Before issuing "Sign Off" certificate it must be ensured that the job of establishment of connectivity with the Head Quarter has been accomplished in all respect. "Site Not Ready" certificate can only be issued if there is any civil or electrical under preparedness which may not be addressed immediately. The

"Site Not Ready" Certificate shall contain the i) Reason of under preparedness ii) Proposed date of Readiness iii) instruction to the vendor with date to revisit the site for completing installation.

Hospital authorities, in terms of certifying the work of the MPLS-VPN establishment, may like to use the technical expertise of the resident Hardware support person and Software support person deployed by the Information Technology Cell, Health & FW Department, at their institutions. For any communication to the IT Cell of this department, the Hospital authorities may use the mail ID itcell.hfwdwb@gmail.com with the subject heading "MPLS-VPN <Name of the Institution>."
