Mission Director , NRHM
H & FW Deptt., Govt. of West Bengal.

To: - All CMOHs
All Block Medical Officers

Sub: Facility wise disaggregated data for HMIS (Health Management Information system)

Sir/Madam,

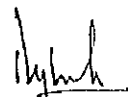

I am to inform you that availability of disaggregated information on health indicators covered in HMIS Report for each sub Center, PHC and BPHC is a mandate under NRHM. At present we are giving aggregated data for each Block in DHIS2. But for taking corrective measures, micro level data shall be analyzed. So it is desirable that all Block Data Entry Operators and Block Primary Health Nurses should send the Monthly Health Facility HMIS Report (Health facility means here Sub Health center, Primary Health center, block PHC under the block) in Soft copy (excel sheet) to the respective DSM (District Statistical Managers) with a copy to

hmiswb@gmail.com (An email created and dedicated only for HMIS)

The DSMs should monitor the timely submission of data and will compare the aggregated figures for the districts/ block with data available in DHIS2. The process of sending monthly HMIS Facility data shall start from 1st December 2010 which means that the data for the month of November 2010 will be submitted facility wise. The DSMs shall send the facility wise data to State HMIS cell by 10th of every following month.

The template for block reporting format is attached with this letter.

Yours Faithfully

Mission Director, NRHM

Copy Forwarded for necessary action:

- 1) District Statistical Managers
- 2) Block Medical Officers
- 3) Guard File
- 4) Office Copy

Mission Director, NRHM
